Helping Geauga County Seniors

The Geauga County Department on Aging is humbled by the many donations we have received from community members, local businesses, County departments, faith based and community organizations to assist our Agency as we provide services to Geauga's seniors.

Our Senior Food Pantry has helped many Geauga Seniors. In fact, we made our 233rd senior food pantry delivery this morning. At this time our Senior Food Pantry is running low on items. If you can donate, please place items in the drop off box outside of the Department on Aging, located at 470 Center St. Building 2, in Chardon - Monday through Friday, from 8:00AM until 4:00PM.

WHAT IS ELDER ABUSE?

Elder abuse is the mistreatment or harming of an older person. It can include physical, emotional, or sexual abuse, along with neglect and financial exploitation. Many social factors—for example, a lack of support services and community resources—can make conditions ripe for elder abuse. Ageism (biases against or stereotypes about older people that keep them from being fully a part of their community) also play a role in enabling elder abuse. By changing these contributing factors, we can prevent elder abuse and make sure everyone has the opportunity to thrive as we age.
